### A JUDICIOUS INQUIRY

A well known traveling man who visits the drug trade, says he has often heard druggists ask a customer, who wished to buy a cough medicine, whether it was for a child or an adult and if for a child, they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it and for colds, croup and whooping cough it is unsurpassed.

## SUBSCRIPTION RATES REDUCED

You can now subscribe for good old St. Louis Globe-Democrat by mail at the following subscription rates effective February 1, 1922:

	Daily Only	Daily and Sunday
12 months	\$6.00	\$8.50
6 months	3.25	4.50
3 months	1.75	2.50

These prices are now back to normal and as low as formerly, considering that approximately \$2.00 more per yearly subscription is paid the government for postage than a few years ago. This, of course, is not within the control of any newspaper.

### Special Club-Raisers' Rates

As in former years, the Globe-Democrat is making a special club-raisers' rate, reduced from the regular rates when three or more yearly subscriptions, by mail, are sent at one time. The club-raisers' rate now in force is \$15.75 net for a club of three yearly subscriptions in the Daily (only) Globe Democrat, or \$23.25 for a club of three yearly Daily and Sunday Globe-Democrat subscriptions. This reduces the price to each club member to \$5.25 for the Daily and \$7.75 for the Daily and Sunday Globe-Democrat. More than three subscriptions can be included in a club, at the same club-raisers' rates.

### Not a Reduction in Quality

This price reduction does not mean that either the quantity or quality that Globe-Democrat readers have grown accustomed to will be reduced. Regular readers will continue to enjoy and benefit by the same extensive up-to-the-last-minute news service, the same accurate complete market and financial reports, the same editorial page, renowned and quoted all over the world and the same vast store of unequalled features that have placed the Globe-Democrat among the leading newspapers in the universe.
